The Randolph Grille was opened on May 1st, 2009, as an extension of the community development plan created by the owners of the Randolph Inn and Suites. Conceptualized in 2005 after community leaders realized the need for an overnight facility, the Randolph Inn and Suites was created to spur local community and economic development. The group purchased all seven acres belonging to the Overpass Motel at the intersection of US 27 and SR 32, beginning the building process of a new 47 room express hotel. Completed in July 2007, the Randolph Inn and Suites has continued to operate the old Overpass hotel, maintaining its 26 budget priced rooms. Using input gained shortly after opening the hotel, the group realized a need for a more "upscale" local dining experience. Planning for the Randolph Grille began in the summer of 2008 by many of the community minded investors from the hotel project. The hotel investors were joined by others from both inside and outside the community who share the common goal of taking Randolph County another step forward to a new level of success. The Randolph Grille, with its two dining rooms, bar and patio, provides the Randolph County area with a facility rarely seen in a community of our size.

On behalf of the Randolph Grille and Randolph Inn and Suites, we welcome you to our community and we hope that you enjoy your stay.
